INTRODUCTION
FCS 326 Food Safety and Sanitation provides an introduction to foodborne illnesses, safe food preparation practices, microbiological considerations for specific foodservice systems, and regulatory laws for foodservice establishments.

PRINT SOURCES
Books are important sources of basic information on a topic, providing necessary definitions, background information, and historical information. Books provide a foundation for research which can be supplemented by more current information from periodical articles. Books may also contain useful bibliographies which may lead to additional sources of research. When looking for books, use proper term(s) or subject term(s) under the Library Catalog: [http://jaxcat.jsu.edu/vwebv/searchSubject](http://jaxcat.jsu.edu/vwebv/searchSubject)

Featured subject term(s) for this course could be but not limited to:

- Food -- Biotechnology
- School lunchrooms, cafeterias, etc.
- Food law and legislation.
- Food security.
- Kitchens -- Safety measures.
- Food allergy.
- Food law and legislation.
- Food poisoning.
- Foodborne diseases.
- Food -- Microbiology.
- Food adulteration and inspection.
- Food handling.
- Food -- safety measures.
- Food contamination.
- Food industry and trade -- Sanitation.
- Food--Storage.
- Food service--Sanitation.
- Grocery shopping.
- Food service--Safety measures.
- Food supply.
- Food service management.

Research Foundations Tutorial, which is designed to teach undergraduates fundamental research skills, covers the selection of appropriate information sources; effective searching of library databases and the Internet; and the location, evaluation and citation of information is available. JSU students can also use InterLibrary Loan Service. A list of computer labs on campus can be access here.

ELECTRONIC RESOURCES AND JOURNAL ARTICLES
The Library also provides numerous electronic resources such as electronic books and databases for remote access. The following related databases can be accessed at: [http://libguides.jsu.edu/fcs](http://libguides.jsu.edu/fcs)

“GEM Finder” (previously called “Discovery”) ([http://www.jsu.edu/library/index.htm](http://www.jsu.edu/library/index.htm)) allows you to search across library multiple databases at the same time. Title (including article title), author, subject could all be searched under “keyword” search option. “How to find books and journal articles in the Library: A step-by-step guide” can also be accessed here.
