INTRODUCTION

FCS 352 456 Advanced Child Development provides the study of the biological and environmental influences on development from infancy to toddlerhood. Examine theories, research, and the family context.

PRINT SOURCES

Books are important sources of basic information on a topic, providing necessary definitions, background information, and historical information. Books provide a foundation for research which can be supplemented by more current information from periodical articles. Books may also contain useful bibliographies which may lead to additional sources of research. When looking for books, use proper term(s) or subject term(s) under the Library Catalog: http://jaxcat.jsu.edu/vwebv/searchSubject

Featured subject term(s) for this course could be but not limited to:

- Fetus--Growth.
- Motor ability in children.
- Curiosity in children.
- Observation (Educational method).
- Infants--Care.
- Cognition in children.
- Early childhood education.
- Nietzsche, Friedrich Wilhelm, 1844-1900.
- Early childhood
- Children--Language.
- Educational games.
- Social interaction in children.
- Child psychology
- Head Start programs.
- Children--Growth.
- Moral education (Preschool).
- Toddlers--Care.
- Emotions in children.
- Children with disabilities.
- Child care services--United States.

JSU students can also use ALLIES (Alabama Libraries Exchange Services, http://jaxcat.jsu.edu/vwebv/selectDatabase?returnUrl=SearchBasicServlet) to borrow circulating books from the University of Alabama, Auburn University, Auburn University at Montgomery, either on-site with the student ID or by requesting the items through the library catalog.

ELECTRONIC RESOURCES

The Library also provides numerous electronic resources such as electronic books and databases for remote access. The following related databases can be accessed at: http://libguides.jsu.edu/fcs

<table>
<thead>
<tr>
